## TOURNAMENT-READY®

**Soil Surfactant  
High Performance  
Long Lasting Residual  
Environmentally Balanced**

### Principal Functioning Agents

Proprietary blend of nonionic carbohydrate surfactants, polyoxyethylene-polyoxypropylene glycol, polydimethylsiloxane... 100.0%  
Total..... 100.0%

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

### Precautionary Statements

**CAUTION:** May cause eye irritation. Do not get into eyes. Avoid breathing vapors or mists. Avoid using product in a manner as to directly or through drift, expose workers or other persons. Applicators and other handlers must wear goggles or face shield and chemical resistant gloves while applying this product.

### First Aid

**If in eye:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

**If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

### General Information

Tournament-Ready contains a blend of natural renewable-resource surfactant components combined with traditional surface-active agents that deliver long-lasting residual performance. This unique class of surfactant blend works to prevent and control localized dry spots.

Tournament-Ready is the only surfactant that combines ingredients known to deliver long-lasting residual performance with natural, environmentally-balanced components.

Research has proven that organic coatings surrounding sandy particles inhibit the infiltration of soil moisture. In high heat stress periods, delicate turfgrass can sustain injury or total loss due to lack of available moisture.

Tournament-Ready will enhance soil microbes and has been developed with respect for the environment and worker safety.

Tournament-Ready works wherever localized dry spot occurs: golf greens and tees, fairways, athletic fields, and residential or commercial lawns.

Tournament-Ready reduces the surface and adhesive tensions of water.

Tournament-Ready assists water's infiltration and drainage of compacted or hydrophobic soils. It assists in the wetting of heavy thatch and when used regularly, will eliminate localized dry spots.

### Directions For Use

**Golf Course Greens and Tees:** As a preventative treatment, apply Tournament-Ready at a rate of 8 fl. oz. diluted in 1 to 3 gallons of water per 1,000 sq. ft. in advance of high heat stress. After 7 to 14 days following initial application, apply an additional application of 8 fl. oz. per 1,000 sq. ft. diluted in the same manner.

**A monthly maintenance treatment schedule can be substituted for the preventative treatment rate as follows:** Using dilution rates as indicated above; apply an initial application of 8 fl. oz. per 1,000 sq. ft. followed by monthly applications at a rate of 4 fl. oz. per 1,000 sq. ft.

Follow tank mix applications with a brief watering-in of treated turf areas to ensure that Tournament-Ready moves to the soil profile.

**Golf Course Fairways, Athletic Fields and General Turf Areas:** Apply Tournament-Ready at a rate of 16 to 24 fl. oz. diluted in 40 to 50 gallons of water per acre. Reapply monthly throughout the season.

**Irrigation Injection:** Monthly Program: Inject 16 to 24 fl. oz. in 40 to 50 gallons of water per acre per month throughout the growing season.

**Soil Mixes and Lawn Care:** Apply 4 fl. oz. of Tournament-Ready diluted in 5 gallons of water, then apply to 1 cubic yard of soil mixture or each 1,000 sq. ft. of planting area.

**Lawn Care:** 2 to 4 fl. oz. diluted in 2 to 3 gallons of water applied per 1,000 sq. ft. Irrigate immediately following application.

### Tank Mixing

Tank mix combinations containing Tournament-Ready have not been tested under all growing conditions. Applicator should follow instructions of pesticide label to determine such use. Always exercise caution when using wetting agents with other commonly used turf chemicals and fertilizers. Test a limited turf area prior to large scale applications.

### Storage and Disposal

Keep container tightly closed. Store in original container only. Triple rinse container, empty rinse water into spray or stock tank. Dispose of empty container in accordance with federal, state and local laws.

#### Notice-Read Carefully

#### Limited Warranty and Conditions of Sale

In no event shall KALO, Inc., manufacturer or seller be liable for special, incidental, or consequential damages, or for damages in their nature of penalties relating to the goods sold. KALO, Inc., manufacturer or seller shall not be liable to buyer or user by way of indemnification to customers of buyer, if any, or for any damages or sums of money, claims or demands whatsoever, resulting from or by reason of, or rising out of the misuse, or failure to follow label warnings or instructions for use, of the goods sold by KALO, Inc., manufacturer or seller. Buyer or users exclusive remedy and KALO, Inc., manufacturer or sellers total liability shall be for damages not exceeding the cost of the product.

#### Warranty Disclaimer

The goods sold to you by this agreement are furnished as is by KALO, Inc., manufacturer, or seller, and are subject only to the manufacturer's warranties if any, which appear on the labels of the products. KALO, Inc., the manufacturer or seller, make no other warranties, guarantees or representations of any kind to buyer or user, either expressed or implied or by usage of trade, statutory or otherwise, with regard to the product sold, included but not limited to merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage, ineffectiveness, or other unintended consequences may result because of such factors as the presence or absence of other materials used in combination with the goods, or the manner of use or application, or atmospheric conditions, all of which are beyond the control of KALO, Inc., manufacturer or seller. In no case shall KALO, Inc., manufacturer or seller, be liable for consequential, special or indirect damages resulting from the use or handling of this product. The buyer or its customers shall assume all such risks. Tests have not been carried out under all possible use conditions, and KALO, Inc., manufacturer or seller, cannot and do not warrant that the product is compatible with all other chemicals.

The law of the state from which such goods are to be shipped shall govern the validity, interpretations and performance of this agreement with respect to goods delivered. This writing contains all of the representations and agreements between buyer, KALO, Inc., manufacturer and seller, and no person or agent of KALO, Inc., manufacturer or seller has any authority to make any representation or warranty or agreement relating in any way to the goods.
